November 15, 2017

I am writing to apply for the Data Scientist position at Akamai, Ottawa, Canada. I hold a B.Sc., an M.Sc., and a Ph.D. in Electrical and Computer Engineering. I also hold M.Eng. in Technology Innovation Management. I am a Senior member of IEEE and a Professional Engineer (P.Eng.) in Ontario, Canada.

I am a Research Scientist at Larus Technologies and an Adjunct Research Professor at Carleton University, Ottawa, Canada. I have a broad knowledge and hands-on experience in machine learning modeling and real-time Big Data Analytics tools and applications. My research interests include machine learning and Big Data Analytics and its application in

- Wireless Communication Networks.
- Maritime Internet-of-Things.
- Wireless Cybersecurity.

I have three years of research and industry experience in Wireless Cybersecurity in Canada at Carleton University and at VENUS Cybersecurity Corporation. I have seven years of research and industry experience in Wireless Communication Systems in

- United States: Qualcomm Incorporation and Broadcom Corporation.
- Canada: Carleton University.
- United Arab Emirates: Khalifa University of Science and Technology.

I look forward to hearing from you.

Ibrahim AbuAlhaol, Ph.D., P.Eng.
